

Directory of Certified Local, Minority, Small and Women-Owned Businesses

Business to Business is a fully-funded program of
Jackson Energy Authority and
Jackson Area Chamber of Commerce

**DIRECTORY OF LOCAL CERTIFIED
MINORITY, SMALL AND WOMEN-OWNED BUSINESSES**

The following directory is provided by the Business to Business (B2B) Program of Jackson Energy Authority and Jackson Area Chamber of Commerce as a resource to identify certified minority, small and women-owned businesses in Madison and the contiguous counties, plus McNairy.

The Business to Business Program has compiled this directory as a service to the business community. All information was obtained from the companies themselves. Each company has been certified for a period of two years and must undergo a recertification process to extend beyond that time. Each company is given a certificate showing the certificate number and date of expiration and should be able to supply this at the request of those seeking bids. Business to Business makes every effort to maintain current, accurate records and is not responsible for changes that have been made by the companies without having notified Business to Business.

Should you have questions about the Business to Business Program, please contact :

Mandy White
Vice President, Research and Economic Development
